Air Protection Division
Attention: Leonard Hotham
1650 Arch Street
Philadelphia, PA 19103

Subject: 40 CFR 63 Subpart ZZZZ Notification of Removal of Engines

Dear Leonard,

Due to a decline in production, Penn Virginia Oil & Gas Corporation has taken the following area sources out of service on March 21, 2012 and they will be permanently removed from the North Wyoming County Compressor Station located in Wyoming County, West Virginia:

Stationary Reciprocating Internal Combustion Engine:
Caterpillar G3516LE (1340hp), Catalyst Model: NSCR

Stationary Reciprocating Internal Combustion Engine:
Caterpillar G3516LE (1265hp), Catalyst Model: NSCR

Stationary Reciprocating Internal Combustion Engine:
Caterpillar G3516LE (1265hp), Catalyst Model: NSCR

As a result of this change, there will be no engines \geq 500 horsepower located at this facility.

Should you have any questions, please feel free to contact me at (610) 688-2163.

Regards,

Charity Fleenor
Environmental & Safety Manager
